PROFILE

I am a full-time student at Salt Lake Community College and am on track to receive my associates in Applied Science with an emphasis in applied science. I am a Hispanic mix of Argentinean and Salvadorian and am very proud of my heritage. I was born and raised in Salt Lake City and have been with the same company since 2005. I love the challenges my company imposes on me and strive to make a name for myself and for those working around me.
